Dismembered

Twisted Jukebox

Brutal orgy on flesh
A carnal feast for our lord
Feel your life float away
As I revel in your bloodMaggots crawl in your flesh
Your life is ending here
Terribly maiming your corpse
Rotting pieces here and thereThe loss of your life is now a fact
Dead, eternal hell, awaits
Rotting soul now dies
Innocent soul dismembered
A trophy to our lord
Enter the dark regions
And suffer a thousand death'sYou pray for eternal life
But your cries are denied
As you pray to your God
I spit on your graveSlaughter remains
Enter my ways
Descend to hell
llewd yllanrete ll'eWLike the rest you all will die
Cast into the pits of hell
