Be free from what you are
Be free where you are
Be free from this world
Does she care for meBe free from what you lie
Be free where you are
Be free and love me more
Oh babyAll I feel is falling
I wanna, I wanna
I wanna feel falling
I wanna, I wannaAll I feel is falling
I wanna, I wanna
I wanna feel falling
I wanna, I wannaShe was fucking weird
Why was she staring at me like that
Why is she staying here
Oh no, copy paste again, I'm always on the run forever
Be free from what you like
Be free where you are
Be free from this world
Does she care for meWho is watching me now
Who is touching me now
Do you believe in love
Oh babyAll I feel is falling
I wanna, I wanna
I wanna feel falling
I wanna, I wannaAll I feel is falling
I wanna, I wanna
I wanna feel falling
I wanna, I wannaShe is fucking weird
But I can't stop thinking of her
She disappeared through the wall
I guess I got to keep falling
