

Manchild Lullaby

Jane Olivor

Manchild Lullaby
(La La Lu La Baby)

Come into my arms now, my own sweet love
Come and let me rock you to sleep?rock you to sleep
You?ve bruised your weary heart against the world, I know
Don?t talk now, let it keep

La la lu la, lu lu la la baby
Darlin? don?t you cry
La la lu la lu la let me sing you
A lullaby?a Manchild Lullaby

Times when you were troubled, wasn?t I your friend
Just remember all we?ve been through?all we?ve been through
And even though our castles may have turned to sand,
I?m still here, here for you

Sing la la lu la lu lu la la baby
Darlin? don?t you cry
La la lu la lu la let me sing you
A lullaby?a Manchild Lullaby

[BRIDGE]

And it?s time for us to go now, our own special ways
We?re just been growin? up, I guess?I guess
Nobody?s fault now we?ve drifted apart
And it doesn?t mean we love each other less

So take me in your arms now, my own sweet love
Come on darlin?, rock me to sleep?rock me to sleep
I?ve bruised my weary heart against the world, you know
Don?t talk now, let it keep

Sing la la lu la lu lu la la baby
Darlin? don?t you cry
La la lu la lu la let me sing you
A lullaby?a Manchild Lullaby
