

# Got Off Easy

[Lillix](#)

There's something you should know  
That I could never tell  
You think that I am better  
I thought of telling you at home or on the phone  
Or written in a letter. When the world is asleep  
I am still trying to figure it out  
And the secrets I'm keeping  
Are what I am always about I know I got off easy  
God knows why you believe me  
Hiding behind little white lies  
This time I got off easy  
When will you ever see?  
That I got, and I got, and I got off, and I got off easy. There's something you would know  
If you could read my mind  
Or look behind my cover  
Creeping around at night  
Is it impossible to be an honest lover? So I'll live and I'll die  
Never be satisfied 'till tomorrow  
Can I change this? Arrange this to keep me from feeling so hollow? I know I got off easy.  
God knows why you believe me.  
Hiding behind little white lies.  
This time I got off easy.  
When will you ever see  
That I got, and I got, and I got, and I got off easy  
And I got, and I got, and I got, and I got off easy. I know I got off easy  
When will you ever see  
That I got, and I got, and I got, and I got off easy.  
That I got, and I got, and I got, and I got off easy.
