

# Upside Down

[Tori Amos](#)

God, I love to turn my little blue world upside down  
God, I love to turn my little blue world upside down  
Inside my head, the noise  
Chatter, chatter, chatter, chatter, chatter  
You see I'm afraid, I'll always be  
Still coming out of my mother upside down Don't you love to turn this little blue girl upside down?  
Oh, I know you love to turn this little blue girl, baby, upside down  
But my heart, it says  
You've been shatter, shatter, shatter, shatter, shattered  
And I know you're still a boy  
Still coming out of your mother But when you gonna stand on your own, I say, the world is sick  
You say, "Tell me what that makes us darling?"  
You see, you always find my faults  
Faster than you find your own You say, the world is getting rid of her demons  
I say, "Baby, what have you been smoking?"  
Well, I dreamed, I dreamed, I dreamed I loved a black boy  
My daddy would scream, oh yeah Love to turn this little blue girl upside down  
Any kind of touch I think is better than none, even upside down  
But you see I'm tangled up  
Got a kitten, kitten, kitten, kitten in my hair  
Cincinnati, I like the word  
It's the only thing we can seem to turn upside down Well, I found the secret to life, I found the secret to life  
I'm okay when everything is not okay  
I said, I found the secret to life, I found the secret to life  
I'm okay when everything is not okay, is not okay Oh, we turn and we turn our little blue world upside down  
I said, don't we love to turn our little blue world, baby, upside down?  
Inside my head, a voice  
Chatter, chatter, chatter, chatter, chatter  
And it says, "Girl, you're all the same, still coming out of your mothers  
Still coming out of your mothers upside down"
