

# Demons

## Fenech-Soler

Well hello old friend, the night is dark and I feel cold  
The sun is setting; I need to get out before it startsI can feel it and I know it's not the same  
I'm the one you're the drug to ease my pain  
I was wondering if you will ever see me againI keep running and I don't know why  
I see my Demons and I just can't hide  
Say no. I wanna let goYou voice is fading, a distant sound a silent call  
It keeps me waiting, no one to catch me if I fallI can feel it and I know it's not the same,  
I'm the one you're the drug to ease my pain.  
I was wondering if you will ever see me againWhen there is so much at stake  
Tell me is this real or is this fake  
I'm circling around this roomI keep running and I don't know why  
I see my Demons and I just can't hide  
Say no. I wanna let go  
I keep running and I don't know why  
I see my Demons and I just can't hide  
Say no. I wanna let go
