

Virus

Fossoyeur

like a virus needs a body
as soft tissue feeds on blood
someday i'll find you ? the urge is here
 ooo-ooo-ooo-ooooh
like a mushroom on a tree trunk
 as the protein transmutates
i knock on your skin ? and i am in
 ooo-ooo-ooo-ooooh
the perfect match ? you and me
 i adapt ? contagious
you open up ? say welcome
like a flame that seeks explosives

 as gun powder needs a war
i feast inside you ? my host is you
 ooo-ooo-ooo-ooooh
the perfect match ? you and i
 you fail to resist
 my crystalline charm
like a virus ? patient hunter
i'm waiting for you ? i'm starving for you
 ooo-ooo-ooo-ooooh
 my sweet adversary
 my sweet adversary
 my sweet adversary
