G: Godd evening
this is Mr. Gorbachev-
R: Hello
Gorby
this is the White House
Ronald Reagan speaking-
G: Hello
my old friend
how are you today ?
R: Fine ! It's time for our daily chess-match
are you ready ?
G: Yes
my last move yesterday was the Queen from A6 to B6-They both send their weapons into space-
their people's problems they seem to displace-
the arms-race is what they can't negotiate-
why ain't it chess about what they debate ?What went wrong on the Gulf of Iran ?
Why did the Russians invade Afghanistan ?
Why not save the money for the armamentsand be chess-partners in the turnament ?Reagan and Gorbachev play
chess on T.V.-
the senat is giving a party on the sea-
the nuclear war will forever be banned-
it's only their kings which they have to defend.
