

# Wooden Souvenir

**Biffy Clyro**

You got the bu-hu-hus  
You use them for everything  
You're so confused  
Re-charge your batteries  
The queen must take her wand  
And all's destroyed  
And then ...Look who's ... from sadness and happiness  
Baby go bu-hu-hu, it's just my mentality  
The queen has changed the turn to rend  
We'll make a more dramatic ending  
I bet you're on all the things  
You're always in the back on  
Every misadventure  
Find a car, and drive it home  
There's wooden souvenirs from all but one  
You got the bu-hu-hus  
You use them for everything  
You're so confused  
Re-charge your batteries  
The queen must take her wand  
And all's destroyed  
And then ...I bet you're on all the things  
You're always in the back on  
Every misadventure  
Find a car, and drive it home  
There's wooden souvenirs from all but one  
I bet you're on all the things  
You're always in the back on  
Every misadventure  
Find a car, and drive it home  
There's wooden souvenirs from all but one  
Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
