

# When I Dream at Night

Marc Anthony

I have been in love and been alone  
I have traveled over many miles to find a home  
Theres that little place inside of me  
That I never thought could take control of everything  
But now I just spend all my time with anyone  
Who makes me feel the way she doesCause I only feel alive when I dream at night  
Even though shes not real its all right  
Cause I only feel alive when I dream at night  
Every move that she makes holds my eyes and I fall for her every timeIve so many things I want to say  
Ill be ready when the perfect moment comes my way  
I had never known whats right for me  
Till the night she opened up my heart and set it free  
But now I just spend all my time with anyone  
Who makes me feel the way she doesCause I only feel alive when I dream at night  
Even though shes not real its all right  
Cause I only feel alive when I dream at night  
Every move that she makes holds my eyes and I fall for her every timeNow I just spend all my time  
With anyone who makes me feel the way she doesCause I only feel alive when I dream at night  
Even though shes not real its all right  
Cause I only feel alive when I dream at night  
Every move that she makes holds my eyes and I fall for her every timeCause I only feel alive when I dream at  
night  
Even though shes not real its all right  
Cause I only feel alive when I dream at night  
Every move that she makes holds my eyes and I fall for her every time'Cause I only feel alive, only feel alive,  
when I dream at night  
When your by my side even though shes not real its all right  
Thats alright baby thats all right  
Cause I only feel alive when I dream at night  
Every move that she makes holds my eyes, holds my eyes
