"Bartender Song (Sittin' At A Bar)"

Bartender I really did it this time  
Broke my parole to have a good time  
When I got home it was 6 A.M.  
The door was locked so I kicked it in

She was tripping on the bills  
I think she was high on some pills  
She threw my shit out into the yard  
Then she called me a bum and slapped me real hard

And in my drunken stupor I did what I should've never done  
And now I'm sitting here  
Talking to you  
Drunk and on the run

[Chorus:]  
I'm sitting at a bar on the inside  
Waiting for my ride on the outside  
She broke my heart in the trailer park  
So I jacked the keys to her fucking car  
And crashed that piece of shit and then stepped away

Ya know Moe I'll probably get ten years  
So just give me beers til they get here  
Yeah I know the sun is coming up  
And y'all are probably getting ready for closing up

But I'm trying to drown my soul  
I'm tired of this life on a dirt road  
Everything that I love is gone  
And I'm tired of hanging on

[Chorus:]  
She got me sitting at a bar on the inside  
Waiting for my ride on the outside  
She stole my heart in the trailer park  
So I jacked the keys to her fucking' car

And crashed that piece of shit and then stepped away

    Guess it was meant to be  
    Romance is misery  
    So much for memories  
    And now I'm headed to the penitentiary  
        See me on TV  
        The next cop series I am a danger  
    I guess I should've did something about my anger  
        But I'll never learn  
        Real things I don't concern  
    I poured kerosene on everything I loved and watched it burn  
        I know its my fault  
        But I wasn't happy it was over  
        She threw a fist  
    So I crashed that piece of shit over

    And now I'm going back again  
    Back to the pen to see my friends  
    And when we all pile up that county van  
        They'll ask me where I've been

    [Chorus:]  
    I been at a bar on the inside  
    Waiting for my ride on the outside  
    She broke my heart in the trailer park  
    So I jacked the keys to her fucking car  
    And crashed that piece of shit and then stepped away

Nah na  
Na na na na na na na na na na na na
