

Body Talk

Varsity Fanclub

Ooh, your body, oh, your body's talking girl
Ooh, your body, oh, your body's talking girl Hit me like an earthquake when you walked in
I can feel my heart race, that's how it begins
You whisper in my ear
That you don't want nothing to happen
'Cause you got a boyfriend at home You're trifling
'Cause you are dancing so close
That I feel every part of you
You must be confused You're sayin' you don't want it but your body's talkin', girl
Sayin' that you wanna so I, I'll put it on you girl
Who you think you're fooling?
The way your body's moving lets me know, oh, oh
'Cause your body's talkin', girl You're sayin' you don't want it but your body's talkin', girl
Sayin' that you wanna so I, I'll put it on you girl
Who you think you're fooling
The way your body's moving lets me know, oh, oh
'Cause your body's talking, girl Ooh, your body, oh, your body's talking girl
Ooh, your body, oh, your body's talking girl Such a violation, you don't play fair
Pushing me away and then you want me here
Sending mixed signals
In a nutshell, girl, I'm just a man
Don't know what you take me for It's really what you do
If only you know all the things I want to do to you
You wouldn't be confused You're sayin' you don't want it but your body's talkin', girl
Sayin' that you wanna so I, I'll put it on you girl
Who you think you're fooling
The way your body's moving lets me know, oh, oh
'Cause your body's talkin', girl You're sayin' you don't want it but your body's talkin', girl
Sayin' that you wanna so I, I'll put it on you girl
Who you think you're fooling
The way your body's moving lets me know, oh, oh
'Cause your body's talking, girl Ooh, your body, oh, your body's talking girl
Ooh, your body, oh, your body's talking girl Girl, your body's talking to me
And you don't know what I'd do, I'd do to you
Your words don't mean nothing
'Cause your body's stuck to me like glue
I'm all over you Girl, your body's talking to me
And you don't know what I'd do, I'd do to you
Your words don't mean nothing

'Cause your body's stuck to me like glue
I'm all over you You're sayin' you don't want it but your body's talkin', girl
Sayin' that you wanna so I, I'll put it on you girl
Who you think you're fooling
The way your body's moving lets me know, oh, oh
'Cause your body's talkin', girl You're sayin' you don't want it but your body's talkin', girl
Sayin' that you wanna so I, I'll put it on you girl
Who you think you're fooling
The way your body's moving lets me know, oh, oh
'Cause your body's talking, girl You're sayin' you don't want it but your body's talkin', girl
Sayin' that you wanna so I, I'll put it on you girl
Who you think you're fooling
The way your body's moving lets me know, oh, oh
'Cause your body's talking, girl
