

Baby Blue

King Krule

[Verse 1]

My sandpaper sigh engraves a line
Into the rust of your tongue
Girl I could've been someone to you
Would have painted the skies blue [Chorus]

Baby blue

If you knew

Baby blue [Verse 2]

Edging closer, you swing my way
Girl I've got no chance
And nothing to say
Girl but stay here for a little while
Baby blue But if only you could see
My shadow crossing your path
It won't be the last baby You are my baby..
You are my baby (ad libs)
