## Blackfoot

There is a lady that I know  
She sounds like sunlight on the snow  
And she used to set me on her knee  
Sayin she loved only meOooh hooo  
(Oooh hooo)  
Oooh hoooThere came a time when I had to leave  
Sayin this of course made me grieve  
Tryin to be a man on my own  
My thoughts come back to my homeBoomer you know youre not forgotten  
I think about you every day  
And even though you wouldnt recognize me now  
Youd remember my voice anywayThere is a lady that I know  
She sounds like sunlight on the snow  
And she used to set me on her knee  
Sayin she loved only meOooh hooo  
(Oooh hooo)  
Oooh hoooOooh hooo  
(Oooh hooo)  
Oooh hooo
