

Getaway Car

Thompson Square

What if I was Jesse James
Or had one of them outlaw names?
Could you handle my Wild West games
Livin' on the run? What if we were Bonnie and Clyde
With Tommy guns, runnin' from the blue lights
And lovin', livin' on the wild side
Just for fun? Would you drive my getaway car?
Chasin' dreams like a couple young hearts
Hidin' out underneath the stars
Would you drive my getaway car?
Would you drive my getaway car? This town's just a little black dot
A quiet place that time forgot
One light and a four way stop
On a two lane road What if we hit the gas?
Run away and never look back
Hey, what you think about a fall like that?
Baby, I wanna know Would you drive my getaway car?
Chasin' dreams like a couple young hearts
Hidin' out underneath the stars
Would you drive my getaway car?
Would you drive my getaway car? Would you drive my, would you drive my
Would you drive my getaway car?
Chasin' dreams like a couple young hearts
Hidin' out underneath the stars
Would you drive my getaway car?
Would you drive my getaway car?
