

Lost In A Crowd

Rusted Root

Invoke the light to shelter you
'Cause everybody wants a piece of you
Yeah oh oh oh
Yesterday lost in a crowd
Yesterday lost in a crowd
I was lost, lost, now I'm found
Yesterday I was lost and you kicked me some food
Boy it was nice to be here with you
Yesterday, lost in a crowd
Yesterday, lost in a crowd
I was lost, lost, now I'm found

Yesterday, lost in a crowd
Yesterday, lost in a crowd
I was lost, lost, now I'm found
Invoke the light to shelter you
'Cause everybody wants a piece of you
It's the dyin' man, what she said
Invoke the light to shelter you
'Cause everybody wants a piece of you
It's the dyin' man, what she said
Yesterday I was lost and you kicked me some food
Boy it was nice to be here with you
