Once in a Lifetime (feat. JES)

Delerium

My soul is laid bare
The hope keeps me blind
From the last time you
knocked on my door
You were telling me
You're ready as you'll ever be
When you fall
You fallTake a second look
with your eyes wide open
I'm holding out my hand
from a mile away
Looking in the mirror
for a new reflectionThen we'll
Break through
Only once in a lifetime
When our
two worlds collide
Collide
CollideOnly once in a lifetime
When our
two worlds collide
Collide, collide
Collide, collideI'll drop the anchor
Make time stand still
Forget everything
I thought I knew before
You brought me
to my knees
And made my heart skip a beat
'Cause when I fall
I fall
Take a second look
with your eyes wide open
I'm holding out my
hand from a mile away
Looking in the mirror
for a new reflectionThen we'll
Break throughOnly once in a lifetime
When our

two worlds collide
Collide
Collide
