Old record playing on my old radio
And I know its time to go
Get up and out of this black hole
I gotta get it right
I gotta quit these drugs
I gotta get inside
Somebodys armsTonight, tonight
Cant remember who I was before
Tonight, tonight
Oh, my heart is halfway out the door
TonightSweet city, come on and give me a handful of stars
Im ready for the midnight showIm gonna light a fire
On the street I love
Im gonna get inside
Somebodys armsTonight, tonight
Can't remember who I was before
Tonight, tonight
Oh, my heart is halfway out the door
TonightI gotta get it right
I'm gonna quit these drugs
I'm gonna get inside
Somebody's armsTonight, tonight
Cant remember who I was before
Tonight, tonight
Oh, my heart is halfway out the...
Oh, my heart is halfway out the doorTonight, tonight
Cant remember who I was before
