I know all your desires
Your heart is so full of pain
Is there something I can provide?
When you feel like life's passed you byI'm on your side
Gimme this, gimme that
Gimme this, gimme that
Gimme this, gimme that
Gimme this, gimme thatGimme this, gimme that
Gimme this, gimme that
Gimme this, gimme that
Gimme this, gimme thatPlease don't ask me my name
Does it matter I'm just here for you
Trust me, just let yourself go
And that's all you need to knowI'm on your side, sincerely
I'm your only friend
Yes, I'm on your side
SincerelyDon't you wish you had it all?
Don't you deserve to have it all?
Kneel down and tell me what you need
Fame and money all for you
I can make your every dream come trueGimme this, gimme that
Gimme this, gimme that
Gimme this, gimme that
Gimme this, gimme thatGimme this, gimme that
Gimme this, gimme that
Gimme this, gimme that
Gimme this, gimme thatTell me whose more important than you?
You're the apple of my ancient eyes
How could the world be so cruel
I'll make you my own precious jewelI'm on your side, sincerely
I'm the only one that cares
Yes, I'm on your side

SincerelyDon't you wish you had it all?
Don't you deserve to have it all?

I can make your every dream come trueThere is one thing
I mean everything has a price
I really hate to repeat myself
But nothing's freeYes, I'm on your side, sincerely
I'm the only one that cares
Oh, I'm on your side
