

Fluxy

The Early November

It's not fair
To find you there
Waiting on
I don't care
I care
Way too muchWait and see
Well, that you are inside of the
Places that you knew you loved
The only time you'll ever trust
You are done
It's all been doneIt's not fair
To find you there
Waiting for me
I don't care
'Cause I care way too muchWait and see
Well, that you are inside of the
Places that you knew you loved
The only time you'll ever trust
You are done
It's all been done
(2x)It's all been done (5x)
