Why Can't I Touch It

Buzzcocks

Well, it seems so real I can see it And it seems so real I can feel it And it seems so real I can taste it And it seems so real I can hear it So why can't I touch it? So why can't I touch it? But then it looks so real I can see it And it feels so real I can feel it And it tastes so real I can taste it And it sounds so real I can hear it So why can't I touch it? So why can't I touch it? Then it looks so real I can feel it And it feels so real I can taste it And it tastes so real I can hear it And it sounds so real I can see it So why can't I touch it? So why can't I touch it? Now, it is so real I can see it And it is so real I can feel it And it is so real I can hear it And it is so real I can be it
