# Row

## Nick Gill

I shouldnt let my memories be embedded with fear/I shouldnt let my future keep me from whats already here/its all laid out/all laid//remember all/the miracles/be thankful/be thankful/though it may/seem hard at first/be thankful/be thankful/waves are only water/easily broken without a bother/just when you think youve hit a new low/God helps you row//I should forget what I dont have/ and give what I do /I should forget my worries/instead of letting them brew/its all laid out/ all laid//remember all/the miracles/be thankful/be thankful/though it may /seem hard at first/ be thankful/be thankful/waves are only water/easily broken without a bother/just when you think youve hit a new low/God helps you//row though the wind/when the sun is setting in/on a cool day/row through the rain/never mind the hurricanes/whatever may come/whatever may come//Remember all/ the miracles/ be thankful/be thankful/though it may/seem hard at first/ be thankful/be thankful/waves are only water/ easily broken without a bother/just when you think youve hit a new low/God help you row/help you row//
