

# Damn U

## Prince & The New Power Generation

Damn u, u're so fine  
seems 2 happen 2 me each and every time we make love  
i can't hold back  
it's like having a hundred million little heart attacks  
damn u, baby u're so fine  
damn this kooky love affair  
all i ever want 2 do is play in your hair  
2 people crazy in love  
into 1 another like a hand in a glove  
damn this kooky love affair  
(damn u)  
Like animals just born 2 breed  
come 2 think about cha baby  
u're my only need  
i'm on fire 'til u come and put me out  
all i'm trying 2 say is that my psychedelic shouts  
when u damn me  
damn u  
when i'm in your arms it's all that i can do  
when we're makin' love, i can't hold back  
it's like having a hundred million little heart attacks  
damn u, baby u're so fine  
Damn u, baby u're so fine  
that one's dedicated 2 all the lovers  
that was beautiful  
this one's dedicates 2 the whores  
what you just...  
pimprag, check (pimprag)  
just once will you talk to me?  
tootsie pop, check (tootsie pop)  
not at me, not around me, not through me?  
raise your cane (cane)  
what do you believe in?  
god  
who is your god?

u

is this reality or just another facade?
