

# An Ordinary Day

## Manning

It began just like another ordinary day, and an ordinary way

I watched you hurried by, you looked so shy

It began just like another ordinary day, and an ordinary way

I watched you hurried by, you looked so shyIt began just like another ordinary day, and an ordinary way

I watched you hurried by, you looked so shy

It began just like another ordinary day, and an ordinary way

I watched you hurried by, you looked so shyI watched you hurried by

I watched you hurried byI watched you hurried by

I watched you hurried byI watched you hurried by

I watched you hurried by
