

# Feel Alright

## Mozella

Walking on air, like I'm ten feet off the ground/  
From above, I see magic all around/

Let's come together, there is nothing better/  
All the world is by, I feel alright/  
Sun's in the sky, I'm satisfied/  
Got the best of life, I feel alright.

Ooo, I feel free, ooo, I said ooo, differently/  
Ooo, all the possibilities are here for me/

What a day, life is blooming everywhere  
Marvelous little miracles appear

Let's come together, there is nothing better  
All the world is by, I feel alright  
Sun's in the sky, I'm satisfied  
Got the best of life, I feel alright  
Ooo, I feel free, ooo, I said ooo, differently/  
Ooo, all the possibilities are here for me/

I found more, more and it's wonderful. I found more...  
I found more simply incredible I found more...  
I found more, more, and it's wonderful. I found more...  
I found more simply incredible. I found more

Let's come together, there is nothing better/  
All the world is by, I feel alright/  
Sun's in the sky, I'm satisfied/  
Got the best of life, I feel alright.

Let's come together, there is nothing better/  
All the world is by, I feel alright/  
Sun's in the sky, I'm satisfied/  
Got the best of life, I feel alright.

Ooo, I feel free, I said ooo, differently.  
I said ooo, all the possibilities are here for me!
