Sweet Darlin'

Martha Reeves And The Vandellas

Sweet darlin' you saved me
I'm hummin' from the lovin' you gave me
You went so far where my feelings are
Breathin' heaven fire, sweet darlin'
I know you, I know that you stopped running
You knew I had somethin' to show you
The fever tamed like an angel came
Made music of my name, sweet darlin'
Early that mornin' we knew I had to fly
The engines were screamin' and still I was asking myself why, oh why

High on the wind I was feeling my sweet darlin' cry
My heart was breakin', I closed my eyes
Darlin' can you hear me? We can't be wrong
The night song pulls you near me
Time just falls and distance small, I feel you all
Sweet darlin'
Sweet darlin'
My sweet darlin'
