Do you know you're breaking on me?
Do you know you're breaking on me?
Do you know you're breaking on me?The house is falling down!Do you know you're breaking on me?
Do you know you're breaking on me?
Do you know you're breaking on me?
Do you know you're breaking on me?
Do you know you're breaking on me?
Do you know you're breaking on me?
Do you know you're breaking on me?
Do you know you're breaking on me?
Do you know you're breaking on me?
Do you know you're breaking on me?
Do you know you're breaking on me?
Do you know you're breaking on me?
Do you know you're breaking on me?

Do you know you're breaking on me?This house is falling down!
This house is falling down!
This house is falling down!

This house is falling down!This house is falling down
This house is falling down
This house is falling down

This house is falling downWe all know there's no way back now
We all know there's no way back now
We all know there's no way back now
We all know there's no way back now
