

Stay

Natalie

Take all I give to you, what I have is true
You're the one for me
Everything I feel inside is sweet, you make me love so deep
You're the one for me
I can feel it now what it all really means
It's beautiful what we have it's a special thing
I owe you for showing me
Love is real taking me far away to a better place
Anything you want, anything you need, anything your heart desires
I'm here for you, you take me higher
What you feel what you say what you do
When you smile my days are brighter, I'm loving you
Please don't you go away, I want you to stay where your heart remains
Forever tomorrow today everyday don't change
I'm by your side looking in your eyes
Happy together forever I can see my life
I want you to stay where your heart remains
Forever tomorrow today everyday don't change
I'm by your side looking in your eyes
Happy together forever I can see my life
Now that I have you here with me, I won't let you leave
I promise you my best
The things you say to me, I melt I can't control myself
I promise you my best
That I can give complete happiness
So sure not a doubt in your mind that will ever fall
Please let me continue to
Be the one your only one yes the one that will give her all
Anything you want, anything you need, anything your heart desires
I'm here for you, you take me higher
What you feel what you say what you do
When you smile my days are brighter, I'm loving you
Please don't you go away, I want you to stay where your heart remains
Forever tomorrow today everyday don't change
I'm by your side looking in your eyes
Happy together forever I can see my life
I want you to stay where your heart remains
Forever tomorrow today everyday don't change
I'm by your side looking in your eyes

Happy together forever I can see my life
