

Necrolust

Mordacious

Your stinking corpse I desire nothing can take me higher
Fucking you till your bones break
Another one has to die
Come dripping from my dick
Fucking you to the core
Can't take this anymore
My brain is driving me insane
Necrolust her guts were boiling out of her butt
Eating the flesh of a thousand corpses
Bloodsucking cuntless nuns
Eating her slimey cunt as I hold her tits
Come pose corpse and die again!
