Hit And Run

Clockwork Soldiers

Girl there go that motherfucker Esham
Hell, gia, girl, he fucked me
And Betty, he fucked me
And Betty, he fucked me
And Betty, he fucked me
And told everybody about that shit girl
I once knew a bitch by the name of Jill
I used to fuck her everyday cause she was on the pill
I didn?t wear no rubber or no type of protection
?Cause the bitch was straight down in the mid-section
Now Jill had a problem with her big mouth
Tellin? all her fuckin? friends how I bust her out
And then her friend named Betty
Told me she was ready to get fucked
A nigga like me said, "What's up bitch?"
I got a jimmy hat, she said, "Gimme that"
Next thing ya know
I'm fuckin? her from the back
I bent her over made her touch her toes
Then this bitch had nut on her clothes
Damn I gotta go, so I'm out the backdoor
The booty was kinda tight so my dick was kinda sore
Bitch got shot with the bop gun
?Cause when I'm in the pussy, it's a hit and run
I met this bitch on the street
Real big booty and big lips
I spit game and I didn?t even know her name
But she's a ho and a ho's kinda lame
So I said, "Lemme hit the pussy one time"
She said, "Nigga, get you out your mind"
I said, "Baby, baby wait a minute, don?t act ill
I just wanna stick it in and see how it feel?
?I promise I'll take it out", but when I got up
In that ass that bitch couldnt live without
I started pushin? and pullin?, and fuckin?
And humpin?, yo, let me tell you somthin?
Then I called the ho the wrong name
But I don?t give a fuck cause it's just another dope dame
That bitch got shot with the bop gun

?Cause when I'm in the pussy it's a hit and run
This dick of mine is like an automobile
Crashin? in your pussy and I?m out to kill
I'm that nigga your mom's warned you about
Gimme the pussy and I'ma turn you out
I don?t eat pussy 'cause I ain?t with that
And if you got a pussy I'd like to hit that
I let a nun suck my dick if she wanted to
Take my dick out the mouth and then I'd really love to cum on you
Hit the pussy like a priest gone bad
I hold the dick that your girlfriend had
Bitches know me, bitches blow me
Bitches put they lips on my dick like a O.E.
Then take a big sip, then I nut on the lip
Back to the motherfuckin? flow show
Esham's in the house tellin? you how the show go
Bitches get shot with the bop gun
?Cause when I'm in the pussy it's a hit and run
