

Driving Me Crazy

Knightowl

I remember the day that I first met you
You looked so good to me how can I forget you
The way you moved girl when you started walking
I got your number through a friend
Now we're both talking
Everyday it seems my love for you keeps growing
The things you did to me baby you ain't know it
I grabbed the phone, when it rings I'm hopin' that it's you
When I first saw you baby yes I fell in love with you
I got your pictures thank you baby yes I love 'em
I like them poses
The sexy ones I'm thinkin' of 'em
Everyday as I awake, the first thing that I do
I thank the lord for giving me another day with you
Say that I'm the one you love that I'm the one your missing
Girl you be the one I wish that I was kissing
Life be special my eyes once again be gleaming
It's all because of you cause you're the one I'm dreaming
Chorus:
Baby you gotta know that I love you
Lady you know I'm always thinking of you
Baby you know you got to be the one for me
Girl you're driving me crazy
(X2)Kinda nervous the day that I first called you
But I did it girl I had to know about you
I couldn't take it with you I gotta make it
Here's my heart baby doll but please don't break it
It's up to you if you wanna take this further
Don't ever leave cause if I lose you it'd be murder
You know that I love you
I don't want to be without you
Your the one so best believe I'll never doubt you
Girl you made me see the light and how it shines so bright
And how I only wanna kiss and always wanna hold you tight
You be the finest thing my eyes have ever witnessed
Broke as fuck it wouldn't matter you would bring me richness
You got a way that makes it all seem so easy
I love it when you say you love me and the way you please me
Ain't no girl in this whole world that'll take your place
And best believe I gotta compliment the way you taste
Chorus:

Baby you gotta know that I love you
Lady you know I'm always thinking of you
Baby you know you got to be the one for me
 Girl you're driving me crazy
 (X2)You know that I need you
 I can't stop thinking about you
I couldn't imagine living a dream along without you
 You know that I love you
 And forever I want you for me
If you just give this man a chance baby soon you'll see
 Just be patient baby doll and please don't rush me
And do believe that all the words you say they touch me
 I never had a girl like you
 But now that I have found you
I'm thinking about the day I put these arms around you
Cause you have got to be the one the girl that I am looking for
 The one that I'm in love with you're the one that I adore
 Baby nothing changes but the way I feel
I never thought that love would do this kinda shit for real
 You got me spinning wondering what you be doing
 When you're not around it's your love that I'm pursuing
You know that I got to have you kiss me, come and hug me
Let me hold you tight and tell me that you love meChorus:
 Baby you gotta know that I love you
 Lady you know I'm always thinking of you
 Baby you know you got to be the one for me
 Girl you're driving me crazy
 (X2)That's right baby
Once again you brought happiness back into my life
 And I have to thank you for that
 I love you
