## The Jesus Lizard

My baby take me, my baby take me, my baby take me where I've never been  
Peculiar to this girl, peculiar to the world, she wants to watch a fella get along  
?? (It kept) my pack, I take a bad rap, I can't hear my other way (throw my other weight) around  
I take a good nap, I call her up now, I taught that girl see, everythnig I know, hey  
My baby tell me, my baby tell me, my baby girl, an Indiana girl  
I got her knocked now, a seein' ?? (fuck) now, I tell her ?? (doc date) her here  
My folks don't realize, about the little girl, or so we know (don't), just to make her smile  
I say we got now, to ?? (up a clog) now, I taught that girl everythngi I know, hey  
My baby spank me, my baby thank a me, my baby hit me, like I've never been  
My baby tell me, my baby tell me, my baby girl, an Indiana girl  
I say ??(ya frighten) me, don't ever fight me, I taught that girl everythnig I know  
Yeah, everything I know, yeah, everything I know, yeah, everythnig I know how, huh  
huh, huh, huh, huh, huh, huh, duh, duh
