

# Hopeless

## Car Party

I bet you wonder how I,  
How I got this far alone.  
But at the same time, please tell me,  
How you got so far from home.  
I'm dramatic, you're so sporadic.  
To each other, they're nothing but some habits.  
It's a riddle, just a little.  
But I'm stuck, right here in the middle with you.

I just want you to know this.  
I was hopelessly out of my mind.  
And you came just in time.

I've been burning all my bridges lately.  
And I'd burn 'em again, on your command.  
I've been burning all my bridges, baby.  
And I'd burn 'em again. All over again.  
I've been burning all my bridges lately.  
And I'd burn 'em again, on your command.

I just want you to know this.  
I was hopelessly out of my mind.  
And you came just in time.

If I had found you later,  
Any later, then I would have hit the ground.  
You have a knack for proving that you're  
Another part of me I need to keep around.  
It's time I live for something.  
'cause all along I died for nothing.  
It's a riddle, just a little.  
But I'm stuck, right here in the middle with you.

I've been burning all my bridges lately.  
And I'd burn 'em again, on your command.  
I've been burning all my bridges, baby.  
And I'd burn 'em again. All over again.

I've been burning all my bridges lately.  
And I'd burn 'em again, on your command.

I just want you to know this (I just want you to know).  
I was hopelessly out (hopelessly out of my mind).
