Love. Sex. Riot. (ft. Fronz)

Issues

SwervePut ya hands up!I don't mind getting violent, but leave your pride at the door Cause shame is all we've been hiding, so take me down to the floor Throw me into the drywall, you got that bullet I'll bite it Now pop it off like you own me, and scratch my back when you ride itNobody wants a couple of rights without a couple of wrongs And the fire that you're building up, is coming off so strong It's like I'm burning inside when you spit my name The rock the roll the pride the shame, let's skip the foreplay and become the teenage waste, that's what we call Love sex riot, so excited, Love sex riotFronz:
Alright, let's do this!
Gonna take you to the floor and rip off your clothes, we can leave the door unlocked everybody knows!
I'm gonna make your body shake, you can scream all night
its a love, sex, riot you'll be finding out!
Here I am to get the party poppin!
Six rounds of shots and now we're never stopping
Just close your eyes and let your fantasy play
Sex, Drugs and violence is my anthem, Oh!
Taking it up from the top, fuck everybody hard in the middle
If we get violent, oh ya, we'll call it a riot and now we'll be done with the sex and now every bodies excited Nobody wants a couple of rights without a couple of wrongs And the fire that you're building up, is coming off so strong It's like I'm burning inside when you spit my name The rock the roll the pride the shame, let's skip the foreplay and become the teenage waste, that's what we call Love sex riot, so excited, Love sex riotIt's riot, Imma' work it over till your tired, love it when you're screaming like a siren, ready aim ready aim, fire fire Riot, Imma' set it off Imma' light it, heart beat beating like it's dynamited, ready aim ready aim, fire fire
I don't mind getting violent, but leave your pride at the door Cause shame is all we've been hiding, so take me down
