Amazing Life

Dj Bobo

Chorus:
Amazing life, amazing world
You`re like a cultured pearl
Amazing dream, amazing love
You`re sent from high above
Amazing life
Amazing life, amazing world
You`re like a gorgeous cultured pearl
Amazing dream, amazing love
You`re sent from high above

Verse 1:
I`m gonna start to think about
Here is my dream - more than a cloud
I can`t expect a life of peace
Without pain, without disease
It`s like the dark side of the moon
Life is changing much too soon
I walk this road why don`t you come with me
And we`ll see

Verse 2:
As long as love is living on
It will guide me, make me strong
I found a way out of the dark
Join the spirit, join the arc
The more I wish my dreams come true
The more my power`s pushing through
I walk this road why don`t you come with me
And we`ll see

Midpart:
So amazing
My view of life has changed a lot
Oh, I tell you it`s so amazing
My view of life has changed a lot
Oh, let me tell you it`s so amazing
This world is a delightful spot
