Sleep Is Impossible

Deluka

There's only so many mistakes I can take
There's only so many moods that I can fake
I shouldn't listen to a word that you ever say
And given half the chance I will be looking for another wayWhat's the deal, what's the deal, what's the deal, honey
What's the deal, what's the deal, what's the deal, tell me
What's the deal, sleep is impossible nowWhat's the deal, what's the deal, what's the deal, honey
What's the deal, what's the deal, what's the deal, tell me
What's the deal, sleep is impossible nowI must admit that I did not take it well
And when you're telling the truth, I don't think that I can ever tell
I was there and I saw you take the leap
And now it's taking over, take taking over your sleepWhat's the deal, what's the deal, what's the deal, honey
What's the deal, what's the deal, what's the deal, tell me
What's the deal, sleep is impossible nowWhat's the deal, what's the deal, what's the deal, honey
What's the deal, what's the deal, what's the deal, tell me
What's the deal, sleep is impossible nowI want to get free, I want to break the spell
I'm sick of working out your logic and I hate when
I'm so tired, sleep is impossible nowYou're looking rested, there's nothing on your mind
How's your broken sleeping patterns now you've fucked up mine
I'm so tired, sleep is impossible nowWhat's the deal, what's the deal, what's the deal, honey
What's the deal, what's the deal, what's the deal, tell me
What's the deal, sleep is impossible nowWhat's the deal, what's the deal, what's the deal, honey
What's the deal, what's the deal, what's the deal, tell me
What's the deal, sleep is impossible now
