That's All That Matters

Ray Price

I know I'm not your first love
But there'll just be past memory
For I'm the one that's got you now
That's all that matters to meI know other arms have held you
But I'm not jealous of these
For mine are the arms that hold you now
And that's all that matters to meI came alive when you came along
You brought life back to me
And I don't care what's in your past
You're as far as I can seeI know other lips have kissed you
I know you've been thrilled and pleased
But mine are the lips that kiss you now
And that's all that matters to me
And that's all that matters to me
