

My Life

Peter Criss

Baby
Look in to my eyes
Baby
I'm talkin' from my heart
I've been trying so long
Wasting time
There's so much that I want to do
There's so much that I got to do

My life
It's gonna mean somethin'
My life
It's gonna be that way

This time (this time)
It's gonna be different
My life
It's gonna start today

Baby
I know what I'm doin'
Baby
It's gonna take some time
There's a part of me
No one sees
I know what I got to be
And nobody knows it like me

My life
Is gonna mean somethin'
My life
It's gotta be that way

This time (this time)
It's gonna be different
My life
It's gotta start today

My life
Is gonna mean somethin'

My life
It's gotta be that way

This time (this time)
It's gonna be different

My life
It's gotta start today

My life (my life)
Is gonna mean somethin'

My life
It's got to be that way

This time (this time)
It's gonna be different

My life
