You've Made Me Stronger

Regine Velasquez

Is it hard to believe Im okay
After all, its been awhile
Since you walked away
Im way past crying
Over you finding someone else
You turned my days into nights (days into nights)
But now I see the light
And this maybe a big surprise to youBut youve made me stronger
By breaking my heart
You ended my life
And made a better one start
You taught me everything
From falling in love
To letting go of life
Yes, youve made me stronger
Baby, by saying goodbyeIf you try to believe Im not over you
Go ahead
Theres nothing wrong with making believe
I know
Cuz I used to pretend youd come back to me
But time has been such a friend
Brought me to my senses again
And I have you to thanked (I have you to thanked)
For setting me free (for setting me free)Cuz youve made me stronger
By breaking my heart
You ended my life
And made a better one start
You taught me everything
From falling in love
To letting go of a lie
Yes, youve made me stronger
Baby, by saying goodbyeThink again
Dont feel so sorry for me, my friend
Oh, dont you know
Im not the one at the loosing end (Im not the one)Cuz youve made me stronger
By breaking my heart
You ended my life
And made a better one start
You taught me everything

From falling in love
To letting go of a lie
Yes, youve made me stronger
Baby, by saying goodbyeYou ended my life
And made a better one start
You taught me everything
From falling in love
To letting go of a lie
Yes, youve made me stronger
Baby, by saying goodbye, goodbye
Youve made me stronger
Baby, by saying goodbye
