Walking On The moon

DubXanne

My mind is blown
Lose all control
[Cut me loose]Uh! Uh! Uh!
Feeling like I got my M.J. shoes on
Can we get a move on
Let's go on a beach walk
Pick us up some moon rocks
Anytime you wanna stop
I can make the stars spot
Light on the dance floor
What do we got the dj for?
Just left earth now we on our way to pluto
Call it what you want we're the daringest duo
Higher and higher up we goin up another kilo
Pressure from the climb sittin' heavy like a sumo
Outer-space melodies, every flavour jellybeans
Make me wiggle make me giggle sea anemones
peace out stratosphere, lickety-split i'm outta here
Space trippin' gravity slippin
My mind is blown with every single thing you do
Lose all control like i'm walking on the moon
You got me sprung and i'm trippin over you
baby boy your love got me walking on the moon
The moon (x 3)
Yeah
You got me stumblin
Like a love drunk alien

DJ play our song again
Take me a sobriety test and i'mma fail again
Blurry is my eyesight
Stumble on my walk like
You and me can make our
Constellation tonight
Just made sense and now i'm on another level
Please don't burn me up fast like the devil
I'm in first place maybe i should get a medal
Never been this high up foot on the pedal
Outer-space melodies, every flavour jellybeans

Make me wiggle make me giggle sea anemones
peace out stratosphere, lickety-split i'm outta here
Space trippin' gravity slippin
My mind is blown with every single thing you do
Lose all control like i'm walking on the moon
You got me sprung and i'm trippin over you
baby boy your love got me walking on the moon
The moon (x 3)
Everything about you takes me high
To the moon just like a satellite (oh oh oh oh oh)
Never known a love like this before
I'm a million miles up off the floor (oh oh oh)
My mind is blown with every single thing you do
Lose all control like i'm walking on the moon
You got me sprung and i'm trippin over you
baby boy your love got me walking on the moon (x2)
The moon yeah (x6)
