

# Goodbyes Are Sad

## Starflyer 59

one date you'll find it's here  
would you recognize  
feeling  
feeling like i do  
goodbyes are sad  
you're the best that i wish i had  
to wait a million more  
goodbyes are sad  
you're the best that i wish i had  
to wait a million more  
three days enough to heal  
three days' enough  
taking your healing like i do  
like i do  
goodbyes are sad  
you're the best that i wish i had  
to wait a million more  
goodbyes are sad  
you're the best that i wish i had  
to wait a million more
