

Third Time Lucky (first Time I Was A Fool)

Foghat

(Peverett)

It's all behind me
There's good luck up ahead
Can't break what's left of my heart
Once bitten twice shy
This time it feels so good
I'd hate to see it fall apart
First love I had I was seventeen and I was younger
Love to us was some kind of game
And all my letters said I would never forget her
Now I can't recall her name
The first time I was a fool
never knew that love could be so cruel
It happened to me again
Third time lucky
Oh Yeah
I was in love one time
I thought it was the real thing
But I kept the feelings to myself
Afraid to show it
Expecting her to know

It was the reason she found someone else
It's all behind me
There's good luck up ahead
Can't break what's left of my heart
Once bitten twice shy
This time it feels so good
I'd hate to see it fall apart
The first time I was a fool
never knew that love could be so cruel
It happened to me again
Third time lucky
Oh Yeah
The first time I was a fool
I never knew that love could be so cruel
It happened to me again
Third time lucky
Oh Yeah

The first time I was a fool
I never knew that love could be so cruel
It happened to me again
Third time lucky
Oh Yeah
