

Tower

Big Head Todd And The Monsters

I want to be your Saturday
Your sunrise in an empty space
Keep you to your lazy ways
Dream late
A love affair, an end too soon
Swept away and left unused
I need to see if you're amused
Or alive
Walkin' 'round the tower of love
Stuck on the ground, I can't climb up
Seems like every time I look up
Rain's comin' down, storm clouds above
I want to sleep beside you now
And leave behind the world without
Deep inside, there's none to count
Or untie
I want to be the one you break
And take you to that higher place
Just believe and I can make
You fly
Walkin' 'round the tower of love
Stuck on the ground, I can't climb up
Seems like every time I look up
Rain's comin' down, storm clouds above
What is done can keep you down
And only love can turn around
And yesterday won't make a sound
As you climb
Walkin' 'round the tower of love
Stuck on the ground, I can't climb up
Seems like every time I look up
Rain's comin' down, storm clouds above
Walkin' 'round the tower of love
Stuck on the ground, I can't climb up
Seems like every time I look up
Rain's comin' down, storm clouds above
