

# Dancing All Around It

## Mike Ryan

I broke down and called her  
But she never called me back  
So I'm in here drinking

Halfway through my second one  
I checked my phone again  
Still ain't ringing

I wonder if she's missing me right now  
Think I see the answer through the crowd

There she goes  
Looking her best  
Strutted out on the floor  
In a low cut dress

He's holding her close  
There's no doubt about it  
That she ain't over me yet  
She's dancing all around it

Maybe they just met tonight  
And maybe she can't wait 'til this song is over  
If that's true, then why the hell  
She just put her head on his shoulder

I look at how she's looking in his eyes  
I don't think she'll call me back tonight

There she goes  
Looking her best  
Strutted out on the floor  
In a low cut dress

He's holding her close  
There's no doubt about it  
That she ain't over me yet  
She's dancing all around it

Like to see what's really going on

I was hoping that she really wasn't gone  
But...

There she goes  
Looking her best  
Strutted out on the floor  
In a low cut dress

He's holding her close  
There's no doubt about it  
That she ain't over me yet  
Naw, she ain't over me yet  
She's dancing all around it
