

Hopelessly Stoned

Hugo

I remember the things I've known
Take it back and fill out a form
Build another now
I'm on my own
Just hopeless
Hopelessly stoned.
Fill my boots up to the sky
Try to find a new supply
Ask me yes, but don't ask why
I'm hopeless
Hopelessly stoned
You're the picture of restraint
You stood aside while I made my play
But anyway I was outta the game
And just hopeless
Hopelessly stoned
One degree is all it takes
To move apart and separate
Level out as I raise the stakes
And just hopeless
Hopelessly stoned
Hopelessly stoned
Hopelessly stoned
Hopelessly stoned
Hopelessly stoned
Like a bug on my windowpane
Safe inside from the wind and rain
Try to fly but it's all in vain
Just hopeless
Hopelessly stoned
We'll let you in
But I don't want out
I can't get up

If I don't get down
From a whisper to a shout
I'm just hopeless
Hopelessly stoned
Hopelessly stoned

Hopelessly stoned
Hopelessly stoned
Hopelessly stoned
Gotta get up
Back up to zero
Gotta get up
Back up to zero
Gotta get up
Back up to zero
Gotta get up
Back up to zero
If I get there
Will you want me?
Cuz there's nothing out there
Waiting for me
If I don't have you
Hopeless
Hopelessly stoned
Gotta get up
Back up to zero
Gotta get up
Back up to zero
Hopelessly stoned
Gotta get up
Back up to zero
Gotta get up
Back up to zero
Hopelessly stoned
If I get there
Will you want me
Cuz there's nothing out there
Waiting for me

If I don't have you
