

# I Hurt Too

[Katie Herzig](#)

When you're weary  
And haunted  
And your life is not what you wanted  
When you are trying so hard to find it

When the lies speak the loudest  
When your friends are starting to leave  
When you're broken by people like me

I hurt too, I hurt too

When an ocean sits right between us  
There is no sign that we'll ever cross  
You should know now that I feel the loss

I hurt too, I hurt too

Even though you are drowning in valley's of echoes  
I believe there is peace in those hills up ahead  
You will climb 'til you find places you'll never let go  
And I will also be here praying just like I said

I hurt too, I hurt too
