

I Will Survive

Sherwin Gardner

In the mists of everything , you know
You better never give up, you know
In the mists of all your struggles and situation
Tell someone never give up, you know why?

Chorus

I will survive, Iâ€™m still alive
Gonna stand firm for the rest of my life
(2x)

I never thought I wouldâ€™ve be here today
But in everything, I got to give the father praise ya
God do everything for a reason
So I got to press on, in the mists of every season
Every day is just the same thing, but I and I will forever exult the king
Faith can move a mountain, so very soon this mountain will be moved

(Chorus)

Everyone have a different circumstance
But once you trust God he will give you a chance
Open your heart and donâ€™t lose your stance
Cause when he blow, and fire run through the land
Once you put your trust in the almighty hands
And watch how God, is going to restore the plan
So donâ€™t be moved by the situation
We will survive, because weâ€™re his creation

(Chorus)

David said â€œhow long will you hide your face from me, oh jah
How long will my enemies smile over me, ohâ€™ â€œ
I see them how they plotting, they just want me to rotting
but I am not forgotten, I will keep on pressing
They frighten me so much, but I cannot be touched
I need them just to watch, how you will lift me up
Try to blow you my spot, but you blessing me nonstop
Push away the corrupt and take me straight to the top

(Chorus 3x)

In the mists of the struggles and strain donâ€™t you ever give up,
Pressure nonstop but donâ€™t you ever give up cause,
