All My Life

[Bush](#)

watch your back as life comes over you
choose your weapon before you have to
you disappear in a sea of danger
if you're gone baby go faster
i've seen you dance
i've seen you dance to the radio
for gold again
you're going for gold again
all my life i have waited for this moment
all my life tonight
tonight
touch the sky because now we are weightless
floating out into empty spaces
we are faceless
we are soldiers
we believed what you told us
i've seen you dance
i've seen you dance to the radio
all my life i have waited for this moment
beware the signs
all my life tonight
of buildings burning down
all my life i have waited for this moment
beware the tides
all my life tonight
we're ocean sized
and i lose myself in you
all my life i have waited for this moment
beware the signs
all my life tonight
of buildings burning down
we're running out of time
we've got to get this right
here we are
here we are tonight
ocean sized
all my life tonight
ocean sized
all my life tonight

ocean sized
