The Way To Your Love

Hear'say

I can see the beginning
And I don't see the end
Wanna hold you and never let go, oh no
For as long as we're giving
And we never pretend
I believe in the future untold
We'll be stronger together
Than we would be apart
I can feel you inside my heart
Every day, every night
Fill my shadows with light
When I feel all alone
Your heart is my home
Every night, every day
You'll show me the way
Show me the way to your love
Baby now that I've found you
Realize I was lost
Didn't know love could treat me this way, yeah
Baby, what it comes down to
When it matters the most
Is the in every day
We can sink to the bottom
We can climb to the top
'Cause together we'll never give up
Every day, every night
Fill my shadows with light
When I feel all alone
Your heart is my home
Every night, every day
You'll show me the way to
Show me the way to your love
Doesn't matter if you're far away
Got each other and that's all I ever need to know
Someone to call my own
We'll be together finally
We're meant to be, yeah
Every day, every night
Fill my shadows, shadows with light

Every night, every day
Show me the way to your
Every day every night
Fill my shadows with light
When I feel all alone
Your heart is my home
Every night, every day
You'll show me the way to
Show me the way to your
Show me the way to your love
