

# The Twilight Zone

## Nic Raine: City Of Prague Philharmonic Orchestra

A pleasant faced man, steps up to greet you  
He smiles and says he's pleased to meet you  
    Beneath his hat the strangeness lies  
    Take it off, he's got three eyesTruth is false and logic lost  
Now the fourth dimension is crossedYou have entered the twilight zone  
    Beyond this world strange things are known  
        Use the key, unlock the door  
See what your fate might have in storeCome explore your dreams' creation  
    Enter this world of imaginationYou wake up, lost in an empty town  
        Wondering why no one else is around  
        Look up to see a giant boy  
    Just become his brand new toyNo escape, no place to hide  
Here, where time and space collideYou have entered the twilight zone  
    Beyond this world strange things are known  
        Use the key, unlock the door  
See what your fate might have in storeCome explore your dreams' creation  
    Enter this world of imagination
